

Industry-Level Local Commerce OS

Sirf delivery app nahi â qareebi business ka full OS:
order, visit, sit, book, experience.

Har category apni business logic ke mutabiq.

Tagline: Har qareebi business â order, visit, sit, book.

1. VISION

Aaj: Hyper-local multi-vendor + WhatsApp orders.

Kal: Local Commerce OS â delivery, pickup, sitting, store info, booking, experience â ek hi app.

- Customer order (delivery / pickup)
- Baith ke khaye (sitting / table QR)
- Info / discovery (hours, menu, map)
- Experience (cafe, salon, repair, watching)
- Merchant = category-specific modules

Principle: Platform = rails. Category = pack.

2. SHOP CAPABILITY MODES

Delivery â ghar pe | radius, fees, slabs

Pickup â counter | ready-in-X, slots

Sitting â table order | QR tables, kitchen

Info â hours/menu/map | rich profile

Book/Visit â appointment | slots, packages

Experience â sit/watch/event | capacity, cover

3. PHASE 0 â FOUNDATION (PEHLE)

- Category themes align (old names -> new)
- Modes = source of truth
- Service shops auto shop_type=service
- Sitting expand (Bakery / cafe)
- One schedule engine (all channels)
- Register: Products / Food / Services / Venue

4. UNIVERSAL RAILS (HAR CATEGORY)

- 1) Mode chips: Delivery/Pickup/Sitting/Book/Open
- 2) Trust: verified, license, hygiene/warranty
- 3) Digital passport: shop/table/deal QR
- 4) Live hours + emergency close + busy/quiet
- 5) Order: Pending>Confirmed>Preparing>Done
- 6) SME / city analytics (later)

- 7) Urdu-first + large fonts + low bandwidth
- 8) TrendBot grounded on real catalog
- 9) Safety: report shop, Rx, underage blocks
- 10) PWA offline menu/hours

5. CATEGORY BUSINESS PACKS

A. Daily essentials

(Grocery, Fruits, Bakery, Pharmacy)

- Units kg/dozen, substitutes, Rx upload
- Freshness, morning-bake slots
- Wow: rashta list, cold-chain, expiry alerts

B. Food & hospitality

(Fast Food & Restaurants, later Cafe)

- Sitting + kitchen KDS + table QR + combos
- Wow: wait time, hygiene score, festival thali

C. Fashion & lifestyle

(Fashion, Beauty, Handmade, Toys, Sports)

- Size/color, exchange, lookbook, salon book
- Wow: same-day mall pickup, tailor card

D. Hard goods

(Electronics, Home, Books, Automotive)

- Warranty, IMEI, install add-on, specs
- Wow: genuine parts, nearby repair link

E. Field services

(Maintenance, CCTV, Tech IT, Personal)

- Job tickets, photos, call-out, service radius
- Wow: tech ETA, survey checklist, salon queue

F. Later verticals

Cafe, Banquet, Coaching, Gym,

Entertainment/Watching, Agri/Dairy

Watching = Experience mode (screening cafe),

NOT the CCTV security category.

6. AWARD / GOVT DIFFERENTIATORS

1) SME Digitalization Index

2) Structured WhatsApp commerce (PK-fit)

- 3) Hyperlocal GPS + radius + channel hours
- 4) Multi-modal one shop
- 5) Category OS packs (plumber != pharmacy)
- 6) Citizen safety + verified shops
- 7) Youth employment layer (later)
- 8) Open-hours city map
- 9) Urdu AI shop assistant (grounded)
- 10) PWA without Play Store

7. ROADMAP PHASES

Phase 0 Foundation â pehle

Phase 1 Soft-launch â 4-6 weeks

chips, order status, sitting, trust

Phase 2 Packs v1 â 6-14 weeks

grocery, Rx, variants, tickets, booking

Phase 3 Experience â 3-5 months

venue/watching, kitchen scale, busy

Phase 4 Institutional â 6-12 months

payments optional, analytics, licenses

8. MONETIZATION

- Merchant subscription
- Sponsored ads / spotlight
- Pack upgrades (Kitchen Pro, Booking Pro)
- Verified badge (optional)
- Do NOT force payment escrow yet

9. SUCCESS METRICS

- % shops with 2+ modes
- Pickup + sitting share vs delivery-only
- Time-to-first-product (new merchant)
- Order completion (WA confirm -> done)
- Active SMEs / city; trust score

10. NON-GOALS (ABHI)

- Full escrow marketplace payments
- Nation-wide logistics fleet
- Social / reels clone
- Open-domain entertainment AI

RULE: Pehle Local Commerce OS jeeto,
phir naye verticals add karo.
